## THINGS TO DO NEARBY

Enjoy bringing your own picnic to our grounds, then step back in time with a visit to Lauber's Old Fashioned Ice Cream Parlor across the tracks from the East Troy depot. Make sure to peruse the variety of bakery, deli and fresh farm produce available at the Elegant Farmer. Old World Wisconsin, Ten Chimneys, Yerkes Observatory, Lake Geneva and Black Point Estate are all nearby, offering exceptional experiences.

## A LITTLE HISTORY

The East Troy Electric Railroad is the last vestige of Wisconsin's once vast network of interurban railway lines, which connected cities and towns across the state. The line from Milwaukee to East Troy was completed in 1907 by The Milwaukee Electric Railway & Light Company, and operated until 1939.

When the line was abandoned, the Village of East Troy purchased six miles of track to keep a freight connection to Mukwonago. In 1972, the Wisconsin Electric Railway Historical Society began running tourist trolleys on the line, and in 1995, the organization now known as the East Troy Railroad Museum purchased the line from the village.

The East Troy Railroad Museum is a 501(c)(3) non-profit corporation run by volunteers dedicated to engaging visitors in the heritage of electric interurban railways and trolley systems through restoration, preservation and operation of historic equipment. All proceeds benefit the education and preservation work of the museum. Your contributions are tax deductible to the extent permitted by law. We reserve the right to modify the schedule without notice.
